

MICROSOFT CERTIFIED TRAINING WORKSHOP

FOR TEACHERS AT MJKPS

An interactive **Microsoft Teacher Training Workshop** was conducted in the school on **Saturday, 27 May 2023**, by **Mr. Jatin Vashisht**, an experienced certified **Microsoft Edtech Trainer**. He has trained more than 15,000 educators and 1, 00,000 students worldwide.

The teachers were acquainted to the two most education-appropriate MS programmes - **Microsoft Sway** and **Minecraft for Educators**. They learnt how to create instant, animated presentations from their existing Word or pdf documents. They learnt how to create ready sways from simple Google search and also how to effortlessly showcase documents in any format as a slideshow. The trainer gave a live demonstration of how teachers can create subject-specific animated worlds and make their lessons interactive using a gaming interface.

The **one-hour session** ended with the introduction to the **Microsoft Educator programme**. Each of the **66 participants** received their online **Microsoft certificates** through QR codes.
