

COMMUNITY OUTREACH PROGRAMME

“Giving back to the Society”

MJKPS organised its Community Outreach Programme on 7 October 2023. The motto of the school, ‘Shubh Karman Tey Kabhoo Na Taron - I may never deviate from doing a good deed’ acts as the foundation of the Programme, aiming to instil the virtues of compassion, charity and kindness in all the students. The school also organised Mega Student-Parent-Teacher Meeting for Nursery to Class XII on the same day to encourage them to be a part of the Programme. A Book Fair was also organised to promote the habit of reading in students.

The students carefully planned and organised the endeavour by pooling in various resources and items such as eatables, toiletries and stationery for various NGO's. The programme commenced with the rendition of the pious shabad by the choir. This was followed by the flagging off ceremony which was attended by the alumni of the school along with parents and students. Jai Kaurians felt blessed as they spent some moments of happiness with the children at Palna bringing a smile to their faces. The programme aimed at sensitizing the students to be proactive in responding to the ones in need.

The students under the guidance of their teachers planned visits to NGO's such as Cheshire Home, Nirmal Hriday and Prabhat to donate need based basic necessities. To further this endeavour, the school also provided a platform for the exhibition cum sale of items made by the inmates of various Charitable Homes like Cheshire Home and Prabhat, with an emphasis on use of eco-friendly products. Overall, the programme further encouraged the students to give back to the community while encouraging them to inculcate the spirit of responsibility.
